

# Crash Barrier

## Stop a four-ton forklift from doing four tons of damage.

Engineered from solid ductile iron and maintenance-free polypropylene, our Crash Barrier ensures heavy equipment doesn't stand a chance of damaging your walls or facility. Crash Barrier is also ideal for creating traffic lanes, framing off areas protecting columns and separating moving equipment from people.

**All-angle Protection** Absorbs direct impacts, deflects glancing blows

**Zero Maintenance** Install it once, get peace of mind for years

**High Visibility** Your best defense is being seen

# Crash Barrier

## Crash Barrier End

CB-K-END-307

Materials: Ductile Iron end & cap, rubber damper, anchor kit

## Crash Barrier Post End

CB-K-PSE-307

Materials: Ductile Iron post end & cap, rubber damper, anchor kit

## Crash Barrier Mid

CB-K-MID-307

Materials: Ductile Iron mid & cap, rubber damper, anchor kit

## Barrier

CB-C-EXT-307

Material: Polyolefin, 10' (3 m) length

## Crash Barrier Corner

CB-K-CNR-307

Materials: Ductile Iron corner & cap, rubber damper, anchor kit
